System Description

Fabricated enclosure mounted on a separately authorized ASIOE M1097A2/M1113/1152 HMMWV to form SECM. Integrates COTS and NDI for engineer and ordnance maintenance units.

System Mission

The SECM provides combat repair teams with the necessary tools and equipment to repair disabled combat equipment in the field to allow it to resume operation or return farther back for further repair.

This system is not currently in reset.

Reset Type

Reset Repair (National Level) - Work performed to correct equipment faults that are above the ORG/DS level; performed by DOL, contractors, and Army's industrial base.
